

OPEN SCIENCE AND OPEN INNOVATION WITHIN THE EUROPEAN RESEARCH AREA

Teachers:

Roberto Cippitani (Università degli studi di Perugia)

Valentina Colcelli (CNR, IFAC)

Jean Monnet Centre of Excellence "Rights and Science"

23 July, 10 AM – 1 PM, Virtual classroom

Objective:

the objective of the seminar is providing an overview on open science as a cornerstone of the EU integration process in the fields of research and innovation, in particular with respect to the governance of data.

Summary:

The seminar is structured into two parts:

Part 1- Opening of European Research Area (ERA) (R. Cippitani)

- European integration process of freedom of circulation of researchers and knowledge
- Open and responsible science and innovation
- Instruments to put in place open science and innovation (legislation, funding, open access, open management data, etc.)

Part 2- Open data within ERA (V. Colcelli)

- European Strategy for data
- Privacy and protection of other fundamental interests in circulation of data.
