

REAL AND COMPLEX MANIFOLDS

The mathematical heritage
of Edoardo Vesentini

June 29 – July 2, 2021

Edoardo Vesentini passed away on March 28, 2020. This Conference is a celebration of his mathematical activity and of the great influence that he has had on the development of complex and differential geometry in Italy and abroad. One lecture will remember the various aspects of his production and the impact of his teaching and promotion of research. The choice of the main speakers is representative of the range of his main mathematical interests and, where possible, of his past personal connections and mentorships.

The Conference will be held in remote modality.

Scientific Committee

FILIPPO BRACCI, Università di Roma Tor Vergata

GRAZIANO GENTILI, Università di Firenze

EMILIO MUSSO, Politecnico di Torino

CARLO PETRONIO, Università di Pisa

FULVIO RICCI, Scuola Normale Superiore, Pisa
