GEOMETRY AND ANALYSIS OF GROUPS AND MANIFOLDS

This conference will bring together world-leading experts on Geometric Analysis, Analysis on Metric Spaces and Geometric Group Theory. These fields have seen rapid progress in recent years, both individually and in interaction, solving major open questions and opening up exciting new avenues of inquiry.

CONFIRMED SPEAKERS:

LUIGI AMBROSIO
Scuola Normale Superiore

RICHARD BAMLER
University of California

MARIO BONK
University of California

MARC BOURDON
Université de Lille

JEFF CHEEGER
New York University

TOBY COLDING (*to be confirmed*)
Massachusetts Institute of Technology

CORNELIA DRUTU
University of Oxford

URSULA HAMENSTÄDT
Universität Bonn

MISHA KAPOVICH
University of California

PEKKA KOSKELA
University of Jyväskylä

URS LANG
ETH Zurich

JOHN LOTT
University of California

VLAD MARKOVIC
University of Oxford

ASSAF NAOR (*to be confirmed*)
Princeton University

KAI RAJALA
University of Jyväskylä

ANTOINE SONG
University of California

STEFAN WENGER
University of Fribourg
