## § 1 – Scope and definition of the mobility positions offered under the present call

The Scuola Normale Superiore offers, for the academic year 2024-25, student mobility positions regulated by specific agreements with international universities. Hereinafter, such positions shall be referred to as “international exchanges”.

The full list of SNS partner institutions available as possible destinations, together with the maximum number of positions foreseen by the bilateral agreements and the amount of the scholarship for each single position, can be consulted in [Annex A](#) to the present document. The same Annex A also contains information on any particular dispositions for each destination and on the possibility for students of the “corsi ordinari” of the Faculties of Humanities and Sciences to have activities recognised on their career at the University of Pisa.

The conditions for international exchanges at the École Normale Supérieure in Paris can be consulted in [Annex B](#).

The number of positions that will be funded for each destination will depend on the total number of applications received and on the available budget.

## § 2 – Motivations

The international exchanges described under [§ 1](#) can be activated for one or more of the following purposes:

1. [Individual research activity](#) for writing the final dissertation or the Ph.D. thesis;
2. [Full-time study activity](#) with the attendance of courses and seminars to be inserted in the student’s curriculum at the SNS and/or at the University of Pisa or Florence.<sup>1</sup>

## § 3 – Prerequisites

With the only exception of any specific limitations introduced by international agreements and listed in [Annex A](#) and [B](#), international exchanges are open to any students from the “corso ordinario” (Bachelor’s and Master’s level) or Ph.D. students regularly enrolled at the SNS at the moment of application and for the whole period of mobility abroad.

---

<sup>1</sup> The validation of any activities by the University of Pisa is only possible for those destinations that have previously undersigned a specific multilateral agreement with the SNS and the University, as specified in [Annex A](#). The validation of any activities by the Universities of Pisa or Florence is not guaranteed, and must be agreed in advance with the relevant Department.

## § 4 – Deadlines

Applications must be submitted within the different deadlines set for each destination and study term, as described in [Annex A](#). After each deadline, the Mobility Committees will assign the positions for the relevant term.

## § 5 – How to Apply

Applications must be sent online through the applicant's profile on the Ser.Se platform (please see instructions in [Annex D](#)) by the deadline set for each destination and study term.

Each application must include:

1. A motivation letter describing the activity to be performed abroad to submit directly through SerSe;
2. One or more supporting letters (or emails) to be sent by teachers or researchers of the chosen host institution to the email address [support.letters@sns.it](mailto:support.letters@sns.it) by the deadline of the present call.

**ATTENTION:** Applications to international exchange positions at the École Normale Supérieure in Paris must include the forms redacted by the partner institution, complete with all the required signatures (and available in [Annex E](#)), to be attached to the application in SerSe.

Each application will be automatically submitted to the approval of the applicant's supervisor (the teacher responsible for the study plan, in case of students of a "Corso ordinario", and the course coordinator, in case of Ph.D. students). Any eventual supporting letters (or emails) by an SNS teacher of the candidate's area of study can be sent to [support.letters@sns.it](mailto:support.letters@sns.it).

## § 6 – Selection Criteria

After each deadline, the Mobility Committee of the Faculty of Humanities, of Sciences, and of Social and Political Sciences, will examine the applications submitted by their respective students and form a ranked list for each destination.

Candidates will receive a maximum score of 100 points divided as follows:

- Up to 25 points out of 100 are assigned by the administrative offices based on the following criteria:

Year of enrolment when submitting the application	Year of enrolment during the mobility	Score
1st year "corso ordinario"	2nd year "corso ordinario"	Not eligible
2nd year "corso ordinario"	3rd year "corso ordinario"	5
3rd year "corso ordinario"	4th year "corso ordinario"	10
4th year "corso ordinario"	5th year "corso ordinario"	15
5th year "corso ordinario"	After the end of the course	Not eligible
1st year Ph.D.	2nd year Ph.D.	25
2nd year Ph.D.	3rd year Ph.D.	25
3rd year Ph.D.	4th year Ph.D.	15
4th year Ph.D.	After the end of the course	Not eligible

- 15 points out of 100 are assigned by the administrative offices to candidates who have never participated in an international mobility during their current study cycle;
- Up to 60 points out of 100 will be assigned by the Mobility Committee of the candidates' Faculty based on criteria established by each Committee and detailed in Annex C.

Once the evaluation process is concluded and the Committees of the three Faculties have formed their own ranked list, an Interfaculty Mobility Committee – chaired by the Director or his Delegate and composed of the three Chairpersons of each Faculty's Committee and one student representative per Faculty – will be responsible for the formation of a single ranked list for each position in case of applications from students of different Faculties, and for the decision upon the total number of position to be funded with the budget available.

To this end, the ranked lists formed by the Committee of each Faculty will be examined without taking into consideration the scores already assigned and applications will be ranked according to the distribution among Faculties of mobility positions assigned in the last three years, to the possibility for candidates to apply again under future calls and to any other criteria the Interfaculty Committee may decide to adopt and consequently insert in the minutes of the meeting.

The final approval of the ranked lists proposed by the Committees as described above and the appointment of each position is competence of the Director or his Delegate.

## § 7 – Before Departure

Each selected candidate has to be accepted by the host institution, which reserves the right to reject the application, request additional documentation and/or define a special procedure for completing the registration or requesting an accommodation.

Selected applicants will be notified by the SNS Internationalisation Office, that they can contact in order to receive information about any further formalities to absolve (deadlines for registration, procedures, etc.). Candidates are directly responsible for following the necessary procedure for admission at the host institution.

Selected candidates will agree directly with the host institution the details concerning their arrival, making sure the chosen destination will be ready to welcome them.

Each selected candidate is required to update, under the supervision of the responsible teachers, their study plan at the SNS and/or the University with the activities to be carried out abroad during the mobility, in order to allow their full recognition in place of internal activities or in addition to them. Full recognition will be authorised upon approval of the study plan by the competent bodies.

Finally, selected candidates must read and comply by the instructions on [safety abroad](#) published on the SNS website.

## § 8 – Insurance Policies

Selected candidates commit to read and accept the conditions of the services provided by the host institution.

The Scuola Normale offers to all its students in mobility abroad a basic health insurance including coverage in case of pandemics. In order for it to be effectively activated, selected candidates must promptly inform the Internationalisation Office of the actual date of departure and arrival and of any variations.

During their mobility, candidates are also covered by a specific insurance against accidents and for civil liability.

## § 9 – Financial Details

The amount of the scholarship assigned to each funded position is specified in Annex A to the present call and is deemed sufficient to cover the costs of the mobility. The scholarship is contingent upon the assignment of a mobility position and is based on the total number of days of mobility abroad. **PLEASE NOTE: The compensation thus composed does not require the presentation of the original receipts, it constitutes income and is subject to IRPEF and IRAP taxation (EX ART 50 PARAGRAPH 1 LETTER C TUIR).**

The cost of the round trip for the start and end of the mobility, the costs of any additional insurance policies made mandatory by the destination university and the costs of any visa expenses related to immigration procedures in the destination country will be reimbursed upon submission of the original receipts to the Internationalisation Office and within the limits for each destination as specified in [Annex A](#).

Winners of a scholarship are not allowed to request their Faculty's Mobility Committee for additional fundings. The scholarship will be paid in two different installments:

1. An advanced payment of the 80% of the scholarship for the total period of mobility authorised by the Mobility Committee will be paid before departure;
2. The final balance composed of the remaining 20%, in case the mobility was completed for the originally foreseen duration, plus the reimbursement of travel costs, mandatory insurance costs and visa costs will be paid upon submission of original receipts and of the Exchange Presence Statement ([Annex G](#)) duly signed and stamped by the host institution and complete with the actual dates of permanence abroad. In case the total duration is shorter than originally authorised, the equivalent daily amount already paid will be deducted from this payment.

**It is not possible to request any other reimbursements in addition to those specified under the present paragraph.**

## § 10 – Renoucement

Any renoucement to an assigned mobility, with the only exception of any cases of *force majeure*, must be communicated at least one month before departure.

Any unjustified renoucement or renoucement communicated too late will result in the exclusion from the participation to mobility calls for one year.

## § 11 – Duties and Formalities

During an international exchange, students must abide by the rules of the host institution.

Depending on their nationality and destination country, selected candidates may have to apply for an entry visa. In this case, the Internationalisation Office will provide the necessary documentation requested on part of the Scuola Normale and the candidate will then need to collaborate with the administrative offices of the host institution in order to fulfil all the formalities necessary to the regularisation of their stay.

Some institutions may require a language certificate in order to activate the mobility (e.g.: an IELTS or TOEFL certificate is requested by most US institutions).

Before departure, selected candidates are strongly recommended to contact the competent SNS office in order to ask for the certificates of insurance coverage offered by the Scuola. These documents might have to be shown in the destination country.

## § 12 – After Returning

At the end of the mobility, selected candidates must submit the documentation issued by the host institution complete with all the information necessary to register the activities performed abroad in substitution of or in addition to internal activities.

Selected candidates must also provide the document stating the official start and end date of the mobility, duly stamped and signed by the host institution ([Annex G](#)) and the original receipts for travel costs, mandatory insurance costs and visa costs.

The above-mentioned documentation is necessary to obtain the final payment of the scholarship and to be allowed to discuss the final thesis and obtain the SNS title.

In any case, failure to submit the documentation listed in the present paragraph will result in the exclusion from participation in other mobility calls or in the impossibility to discuss the final thesis.

## § 13 – Contacts

For further information about the conditions provided by exchange agreements, procedures and formalities, interested students can contact the Internationalisation Office ([international@sns.it](mailto:international@sns.it)).

**NB** Gli studenti possono prendere un **appuntamento** o un appuntamento telefonico con Anaëlle Durand ([anaelle.durand@ens.psl.eu](mailto:anaelle.durand@ens.psl.eu), +33 (0)1 44 32 31 98), per ottenere informazioni sull'organizzazione degli studi all'ENS e, dopo la selezione da parte della propria istituzione, per definire le modalità, tecniche, scientifiche e culturali, del soggiorno presso l'ENS.

- Il periodo dei soggiorni di scambio inizia i primi giorni di **settembre**, ad una data da confermare, e si conclude verso **metà luglio**, ad una data da confermare. I collegi rimangono **sempre aperti da settembre a metà luglio**.

- La durata minima della permanenza all'E.N.S. è di **due** mesi, essa **inizia** normalmente il **primo giorno** del mese e **finisce l'ultimo giorno** del mese.

**Non è possibile arrivare prima né ripartire dopo la data prevista**, per motivi di gestione logistica e di assicurazione.

I collegi dell'École normale sono tre e si trovano:

- 1) 48, Boulevard Jourdan - 75014-Paris, nella parte sud della città, facilmente raggiungibile con la metropolitana (linea 4, *Porte d'Orléans*), la RER (*Cité Universitaire*), l'autobus (linee 38 o 62), il tram periferico.
- 2) 1 Rue Maurice Arnoux, 92120 Montrouge, France, metropolitana (linea 4, *Mairie de Montrouge* a una stazione di *Porte d'Orléans*)
- 3) 45, rue d'Ulm - 75005-Paris
  - Lo studente non può scegliere il collegio dove risiederà e non è scontato che i tre collegi siano aperti agli scambi.
  - La sede dell'École normale si trova 45, rue d'Ulm - 75005-Paris, in pieno quartiere latino.

- L'alloggio si compone di una camera da letto, con un semplice lavandino. I bagni e docce si trovano in corridoio, con l'eccezione di Montrouge dove la stanza è provvista di doccia. Ad ogni piano si trova una cucina.
- **Asciugamani, lenzuola, coperte e guanciali NON vengono forniti.**
- La **pulizia** della camera è **affidata allo studente** che dovrà anche lasciarla in ordine e pulita, abitabile per lo studente successivo. In caso contrario, l'amministrazione dell'E.N.S. potrebbe fatturare allo studente l'importo dei lavori di pulizia da parte di una ditta specializzata.
- La **mensa** di rue d'Ulm è aperta solamente a **pranzo**. La sera, vengono proposti dei panini e dei piatti unici. Il costo del singolo pasto è di 4,10€.
- La Cité Universitaire, che si trova a pochi passi del collegio di Boulevard Jourdan, propone un ristorante universitario e una cafeteria. Il ristorante del Collegio di Spagna e la cafeteria della *Maison Heinrich Heine* sono aperti a colazione e a pranzo. Ci sono inoltre il *Café du Théâtre* e il *Comptoir Coréen de la Maison de la Corée*.

#### AMMINISTRAZIONE

- I **responsabili dei Collegi** ([hebergement@ens.fr](mailto:hebergement@ens.fr)) vanno tempestivamente avvisati **della data e dell'ora dell'arrivo**. Si richiede, nella misura del possibile, di non arrivare tardi la sera o durante il fine settimana. In caso contrario, i responsabili dei collegi devono comunque essere informati per potere lasciare la chiave alla portineria del Collegio.

L'**amministrazione** dell'E.N.S. dispone di una tabella regolarmente aggiornata con i nominativi degli studenti italiani e le date dei soggiorni. Va anch'essa tempestivamente avvisata **della data e dell'ora dell'arrivo** ([dri@ens.fr](mailto:dri@ens.fr), [anaelle.durand@ens.psl.eu](mailto:anaelle.durand@ens.psl.eu), [dri@ens.fr](mailto:dri@ens.fr)).

- La **Direction des Relations Internationales** ha sede al 45, rue d'Ulm, edificio principale, ingresso, scala a sinistra, secondo e terzo piano.
- La **tessera dell'École** che consente l'accesso alle biblioteche, alla mensa e a tutte le attività culturali e scientifiche, viene consegnata **o all'arrivo in collegio o in sede**.
- La decisione di accogliere nel Dipartimento gli studenti **in sovrannumero** (fuori convenzione e senza l'alloggio gratuito in collegio) spetta al **Corrispondente della Direzione delle Relazioni Internazionali** del dipartimento dell'E.N.S. in prima istanza, alla **DRI** in seconda istanza.
- L'accordo di questi ultimi è indispensabile per ottenere una tessera "completa" (*carte multifonction*) dell'École, che consente l'accesso ai corsi e ai seminari, a tutte le strutture scientifiche, informatiche e sportive e dà diritto ad una tariffa agevolata per la mensa.
- L'E.N.S. Parigi offre inoltre, nel centro di lingue ECLA, un **insegnamento di lingua francese**. Per informazioni e iscrizioni durante l'anno accademico, rivolgersi a Madame Hélène Boisson [helene.boisson@ens.psl.eu](mailto:helene.boisson@ens.psl.eu).
