E-mail: f.giannelli@performatsalute.it

I'm psychologist and psychoterapist in Transaction Analysis.

I deal with clinical consultancy activities, psychological support and individual psychotherapy for adult, children and adolescents. I have specific skills for managing anxiety, depression, mood disorder, adaptation and life cycle problems, relation difficulties.

I have specific skills about the treatment of psychological suffering with patients with onco-hematological diseases.

I'm an expert in neurodevelopmental disorder and their assessment. I also deal with problems and suffering related to learning and studying, for students with learning disorders or special educational needs. I have skills in cognitive enhancement, rehabilitation, psychological distress (anxiety, phobias, emotional dysregulation, anger management, relational and orientation problems).
