**Eliseo Luongo**

University of Bielefeld

**Silvia Morlacchi**

Scuola Normale Superiore

**Umberto Pappalè**

University of Bielefeld

## Turbulence on the Banks of the Arno

Understanding the origin and consequences of turbulence on the motion of incompressible fluids is an age-old problem in both mathematics and physics, with far-reaching implications. The objective of the Turbulence on the Banks of the Arno (TuBA) workshop is to provide a platform for early-stage researchers working in the field of turbulence to come together, exchange ideas, and present their own research.

Lecture series by

**Theodore D. Drivas**

**Alexei A. Mailybaev**

Registration: 15 November 2024 - 16 February 2025.

Call for funding: 15 November 2024 - 16 February 2025

Call for Contributed Talk: 15 November 2024 - 16 February 2025
