NOTICE

Please note that all activities and related funding described in this call are subject to the signing of the Erasmus grant agreement (Call 2026) between the Erasmus+ Indire National Agency and the Scuola Normale Superiore. The publication of this call is therefore to be considered conditional.

The present call covers the mobilities to be carried out during the first semester of the academic year 2026-27. Students who wish to organize a mobility for the whole academic year must also apply for the call for application for the second semester 2026-27, which will be published at a later date.

§ 1 - General Information

The Erasmus+ mobility for Study programme allows SNS students to spend time abroad at a partner higher education institution for study purposes. It is also possible to plan a blended mobility consisting in a period of virtual learning to be completed with a short-term or long-term physical mobility abroad (see [§ 3](#)).

Erasmus+ students can attend courses and use the hosting institution's facilities and are exempted from any tuition fees (with the only exemption of any eventual fees that local students are also required to pay). Students are guaranteed full recognition of the learning activities carried out abroad, on condition that they were previously approved through a specific Learning Agreement.

Erasmus+ mobilities can be funded with a study grant by the European Union (see [§ 4](#)), or they can be activated as 'zero-grant' mobilities.

§ 2 - Eligible Countries

It is possible to activate an Erasmus+ mobility for Study towards any higher education institutions based either in countries participating in the Erasmus+ programme or in third countries not associated to the Programme, as long as they have signed a mobility agreement with the Scuola.

§ 3 – Eligible Mobilities

SNS students can activate the following types of Study mobility:

- a) **Long-term mobility** with a minimum duration of at least two months and a maximum duration of twelve months. This kind of mobility is available both for students of the “corso ordinario” (Bachelor’s and Master’s level) and for Ph.D. students.
- b) **Short-term mobility for doctoral candidates**. From 5 to 30 days of physical mobility with no compulsory virtual component nor a minimum requirement of ECTS.

The mobility period should begin after the 1st of August 2026.

Any study period abroad of any duration may include a virtual component, that can take place before, during or after the physical mobility.

Students will not receive any grants for the virtual part of the mobility, and the virtual period will not add towards the maximum length of Erasmus+ mobility per study cycle. Any activities performed virtually will be fully recognized by the Scuola Normale.

§ 4 – Funding

ASSEGNAZIONI CON BORSA

Erasmus+ students may benefit from the following funds:

- a) the European Union grant for **individual support (Erasmus+ funding programme)**, whose monthly amount is based on the destination country and calculated on the basis of actual days of mobility abroad. Programme Countries have been divided into three different groups based on the cost of living, while third countries not associated to the Programme have been gathered in the same group, with the only exception of regions 13 and 14¹. Pending the confirmation of the individual support amount for the 2026 edition, we publish below, only for reference, the monthly amount per destination country for the past 2025 edition

If necessary, individual support is eligible for travel time before and after the activity, with a maximum of two travel days for participants not using low-emissions means of transport, and a maximum of six travel days using low-emissions means of transport.

¹ For a comprehensive list of countries see Programme Guide 2026, pages 36-37-38-39

IN CASE OF LONG-TERM MOBILITY (minimum 2 months)

GROUP	COUNTRIES	MONTHLY AMOUNT
GROUP 1 (HIGH living costs)	<p>Austria, Belgium, Denmark, Finland, France, Germany, Ireland, Iceland, Liechtenstein, Luxembourg, Netherlands, Norway, Sweden.</p> <p><u>Third countries non associated to the Programme from Region 13:</u> Andorra, Monaco, San Marino, Vatican City State</p> <p><u>Third countries non associated to the Programme from Region 14:</u> Fær Øer Islands, Switzerland and United Kingdom</p>	€ 400 per month
GROUP 2 (MEDIUM living costs) and GROUP 3 (LOW cost of living)	<p>Cyprus, Czech Republic, Estonia, Greece, Latvia, Malta, Portugal, Slovakia, Slovenia, Spain.</p> <p>Bulgaria, Croatia, Lithuania, North Macedonia, Poland, Romania, Serbia, Turkey, Hungary.</p>	€ 350 per month
GRUPPO 4 Other Extra-UE Countries	Third countries not associated to the Programme from Regions 1 to 12 ²	€ 700 per month

²Please see footnote 1.

IN CASE OF SHORT-TERM MOBILITY FOR PHD STUDENTS ONLY (minimum 5 days, maximum 30 days)

DURATION OF PHYSICAL ACTIVITY	AMOUNT (any destinations)
Up to the 14th day of activity	79 EUR per day
From 15th to 30th day	56 EUR per day

- b) when applicable, based on national regulations³ and upon mandatory submission, **within the deadline of 31st March 2026**, of an ISEE certificate below the limit of Euro 27.948,60, and/or a self-declaration proving the existence of one of the foreseen circumstances, **a top-up amount to individual support for students and recent graduates with fewer opportunities (Erasmus+ funding programme)**, equal to EUR 250 per month for long-term physical mobility, in addition to the contribution under point a).

Students with fewer opportunities in short-term physical mobility will be entitled to the following overall top-up amount:

³ Pending the confirmation for the 2026 edition, we publish below, only for reference, the categories of students with fewer opportunities determined by the National regulations available as annex to the 2025 Programme Guide:

- participants with documented physical, mental and health issues;
- participants from a disadvantaged socio-economical background documented by an ISEE certification;
- participants with cultural differences, e.g. with migratory background, refugees, ethnic or national minorities, with difficulties in linguistic adaptation and cultural inclusion;
- students with underage children;
- working students;
- students who are professional athletes;
- orphans of at least one parent;
- victims of terrorism and organized crime.

DURATION	TOP-UP TO INDIVIDUAL CONTRIBUTION
Physical mobility of 5 - 14 days	100 EUR
Physical mobility of 15 - 30days	150 EUR

c) a travel grant (Erasmus+ funding programme), based on the distance⁴ from Pisa to the site of the activity and on the eventual use of green means of transport (train, bus), as follows:

Travel distance	In case of non-green travel	In case of green travel
From 10 to 99 km:	28 EUR per participant	56 EUR per participant
From 100 to 499 km:	211 EUR per participant	285 EUR per participant
From 500 to 1 999 km:	309 EUR per participant	417 EUR per participant
From 2 000 to 2 999 km:	395 EUR per participant	535 EUR per participant
From 3 000 to 3 999 km:	580 EUR per participant	785 EUR per participant
From 4 000 to 7 999 km:	1188 EUR per participant	1188 EUR per participant
8 000 km or more:	1735 EUR per participant	1735 EUR per participant

⁴ The distance between Pisa and the site of activity is calculated using the distance calculator made available by the European Commission: <https://erasmus-plus.ec.europa.eu/resources-and-tools/distance-calculator>

d) a supplementary contribution (SNS funding) of 560 EUR per month until funds are exhausted. This contribution may include dedicated ministerial funds (e.g. Fondo Giovani). The SNS supplementary contribution constitutes income and is subject to IRPEF taxation.

Students benefitting from the contribution under letter d) are not allowed to request additional grants to their Faculty's Mobility Committee, unless they have been assigned a zero-grant mobility.

Any grant described above is meant for carrying out eligible activities abroad (see [§10](#) "Activities to Be Carried Out Abroad and Learning Agreement").

The above-mentioned contributions are subject to the submission of the Learning Agreement and to the recognition by the SNS of the activities performed.

N:B: Ph.D. students whose scholarship is funded by EC funds and wishing to request Ph.D. scholarship top-up for international mobility have only the right to receive the contribution under letter d).

The above contributions do not require any reporting. The grant will be paid in two installments according to the following schedule:

- an advanced payment of the 80% of the total maximum amount will be paid before departure;
- the second installment, equal to the remaining balance, will be paid upon submission of the end-of-mobility documents showing the actual number of days spent at the Host Institution. The assigned grant will be recalculated only if the difference between the number of days assigned and the number of days actually completed is more than 5.

N.B. It is not permitted to request an extension of the period abroad. The above recalculation applies only if the student decides to reduce the period of mobility compared to what was agreed and stated in the documents.

§ 5 - Inclusion Support

Any special needs related to physical, mental, or health conditions may be reported by the candidates to the Internationalisation Office, in order to allow it to request, where feasible, additional financial support to cover the expenses of the student, and/or any accompanying person.

These supports may also be used to co-finance the costs of preparatory visits.

The procedure for applying for this additional financial support, as well as the needed supporting documents, will be communicated to students concerned by the competent Office.

§ 6 - Eligibility Criteria

In order to be eligible candidates for an ERASMUS+ Mobility for Study under the 2026 edition, SNS students must:

1. Be enrolled at the SNS at the second, third and fourth year of a “corso ordinario” or at the first, second and third year of “corso di perfezionamento” at the moment of the application;
2. Plan a physical mobility in a country different from Italy;
3. Possess adequate language skills (see [§8](#) “Language Requirements”);
4. Submit a study plan illustrating the activities to be performed at the host institution (see [§10](#) “Activities to Be Carried Out Abroad and Learning Agreement”);
5. Obtain the support of an SNS teacher;
6. Commit to NOT graduate before the end of the mobility and the recognition of the activities carried out abroad.

It is possible to apply to maximum two destinations indicating an order of preference, but in any case, only one application will be funded.

§ 7 - Incompatibilities

Under the ERASMUS+ Programme, students may activate mobilities for study, or for traineeship, during any study cycle (first- and second-level degree and Ph.D.) for a total duration that must not exceed twelve months in each cycle. Any earlier mobility activated in the same cycle must be taken into account for this calculation, with the only exception of virtual mobilities.

Successful candidates cannot activate, during the same period of an Erasmus+ mobility, any other kind of mobility offered by the Scuola.

Erasmus+ students benefiting from the EU grant cannot receive, during the same period, any other type of funds from the European Union.

§ 8 - Language Requirements

Potential candidates for an Erasmus+ mobility are required to check the language requirements set by the host institution of their choice and listed in [Annex A](#), in order to be ready to meet them before departure.

§ 9 - Destinations

Erasmus+ mobilities can be activated towards any institution listed in [Annex A](#), which contains all the details regarding eligible study areas, number and type of positions available, and language requirements.

N.B.: Regardless of the approval of an Erasmus application by the SNS, it is still possible for successful candidates to be rejected by the institution of their choice. This may depend on different factors (deadlines not met, unconfirmed language skills, impractical study plans). Requirements may differ year by year and each host institution reserves the right to accept or reject an application.

The actual number of positions assigned will depend on the number of applications and on the available budget.

§ 10 - Activities to Be Carried Out Abroad and Learning Agreement

In order to benefit from the status of Erasmus student, and from the relative grant, a specific Erasmus+ study plan (known as Learning Agreement) must be approved by the host institution before the beginning of the mobility. Learning Agreements must be redacted online through the Esse3 when possible.

Please note that some universities may have teaching requirements for exchange students (e.g., minimum number of ECTS credits), so it is advisable to check this aspect before submitting your application.

The Learning Agreement must be reviewed and approved in advance by the study plan supervisor or the Ph.D. course coordinator of each candidate, who will also handle the conversion of the grades upon returning from mobility.

At the end of the mobility, any activities performed, courses attended and exams given abroad will be recognised based on the certification submitted.

Upon request, it is possible to make changes to the Learning Agreement while the mobility is in progress, as long as any changes are previously agreed with all the parts involved.

Students of the “Corsi ordinari” (Bachelor’s and Master’s) of the three Faculties may plan activities to be recognised on their study curriculum at the Universities of Pisa and Firenze only for those destinations that have signed a specific multilateral agreement with the Scuola and the University, as indicated in [Annex A](#). Recognition of the activities by the University is not automatic but must be authorised in advance by the Erasmus+ Coordinator of the relevant Department.

§ 11 - Documentation to be Submitted at the End of the Mobility

At the end of the mobility, Erasmus+ students have up to 5 weeks to submit the Presence Statement signed and stamped by the host institution, and complete with the actual dates of mobility. They must also prove to have requested the Transcript of Records.

Recognition of any activities performed abroad and listed in the Learning Agreement is conditional on the fulfilment of the above requirement. In absence of documentation, any grant already received will have to be reimbursed.

§ 12 - Deadlines and Application Procedure

Applications must be sent online through the Esse3 platform within the **15th of January 2026**.

Candidates must attach a motivation letter related to the activity to be carried out abroad (please see [§ 8](#)).

§ 13 - Selection Criteria

Following the deadline for applications, the motivation letter (Annex 1) will be sent by the Internationalisation Office to the SNS professor indicated by the candidates for evaluation. The professor will then fill in the appropriate Elixform form by the **31st of January 2026**.

An interfaculty mobility Committee will evaluate all the applications received and create a ranked list. Mobilities towards countries not associated to the Programme can be assigned up to 20% of the Erasmus+ contribution received by the SNS.

Within the ranking, scores will be assigned based on the following criteria:

- Up to **60 points out of 100** awarded by the SNS professor, indicated by candidates, using the Elixform form based on the criteria listed below:
 - a) Evaluation of the mobility program (from 1 to 20, where 20 is the maximum)
 - b) Evaluation of the relevance of the location in relation to the program described by the candidate (from 1 to 20, where 20 is the maximum)
 - c) Evaluation of the importance of carrying out the mobility in the academic year covered by the call (from 1 to 20, where 20 is the maximum)
- **Up to 25 points out of 100** for the year of enrolment assigned in this way:

Year of enrolment when applying	Year of enrolment during the mobility	Score
Corsi ordinari: 1st year	Corsi ordinari: 2nd year	Not eligible for application
Corsi ordinari: 2nd year	Corsi ordinari: 3rd year	25
Corsi ordinari: 3rd year	Corsi ordinari: 4th year	20
Corsi ordinari: 4th year	Corsi ordinari: 5th year	15
Corsi ordinari: 5th year	Corsi ordinari: after the end of the course	Not eligible for application
PhD 1st year	PhD 2nd year	25
PhD 2nd year	PhD 3rd year	20
PhD 3rd year	PhD 4th year	15
PhD 4th year	PhD after the end of the course	Not eligible for application

- **15 points out of 100** assigned to students who have never been awarded a previous long-term mobility period (at least two months) in the current study cycle, or **10 points out of 100** assigned to those who, in the current study cycle, have not activated any previous Erasmus+ study mobility period.

In the event of a tie score, priority will be given in the following order to:

- candidates with fewer opportunities

- candidates who have never been awarded a mobility grant abroad in the current academic year
- the youngest candidate

The ranking list drawn up based on the listed criteria will be definitively approved by the Vice-Rector for International Relations.

§ 14 – Acceptance, Withdrawal, and Replacement

At the end of the procedure, successful candidates will be contacted by the Internationalisation Office.

The list of successful candidates will be published on the SNS website, at the following address <https://www.sns.it/en/international-calls-and-rankings>.

In order to protect each candidate's privacy, the rankings will show the student ID number in place of the candidate's name.

§ 15 - Practical Information

SNS students in outgoing mobility are always covered by an insurance policy against accidents and social liability and by an insurance policy granting health coverage abroad offered by the Scuola Normale Superiore. During a mobility in the European Union, students who have one can also use their European Health Insurance Card (known in Italy as TEAM Card).

Depending on their citizenship, some candidates might need a visa to enter their destination country.

Before departure, students are warmly invited to download the [Erasmus+ App](#) for useful information on their destination and the European Student Card which it will be activated in the digital version for each student from the Internationalisation Office.

§ 16 - Contacts

For further information, interested students are welcome to contact the SNS Internationalisation Office (international@sns.it).
