Notes

- 1) As specified in the call for applications, in case of a tie, priority will be given in the following order
 - the candidate with fewer opportunities;
 - the candidate who has never been awarded a mobility period abroad under a call in the current study cycle;
 - the youngest candidate.
 - 2) **Eligible at 0 Grant (red colour):** The Erasmus+ grant could not be assigned since it would exceed the 20% budget threshold set for mobility to partner countries, as outlined in the Erasmus+ 2021-27 regulations.
 - If a grant recipient declines their Erasmus+ scholarship, if a traineeship period is modified, or if new funds become available, the remaining funds will be awarded to the next highest-ranked candidate(s) in compliance with the 20% threshold of the total budget allocated for mobility to partner countries.
 - 3) **Eligible with Erasmus+ TAW 2025 grant partially a zero grant:** The Erasmus+ grant set for mobility to partner countries is not sufficient to cover the entire mobility period requested; only part of the mobility will be funded.
- *) Applications at the end of the ranking list because candidates have already benefited from Erasmus+ for traineeship mobility
