

EU ERC Advanced Grant 2019

"Science and technology for the eXplanation of AI decision making" (XAI)

The PhD positions in "Data Science" for the 35° cycle and starting with the academic year 2019-2020 are increased of n.2 three-year grants on the project EU ERC "Science and technology for the eXplanation of AI decision making" (XAI)

The aforementioned PhD scholarships will be aimed at investigating the following research topic:
"Explainable Machine Learning for Transparent and Trustworthy Artificial Intelligence"

The successful candidates of these places, instead of the PhD scholarship, will benefit of a research grant, according with the article 22 of the Italian Law n. 240 of 30 December 2010.
